INGVLARI Dei immortalis beneficio
accidisse arbitror, Illustrissime Princeps,
vt in tanta Gothici temporis barbarie
non solum præstantissimorum ingenio-
rum scripta pleraque à temporum sint
iniuria vindicata, sed & IMAGI-
NES ipsorum atque effigies marmoribus ac gemmis
sculptæ, & numismatis cufæ, artificum operâ atque
industriâ superstites existant. Et verò licet animi, in-
geniiq̃ue index liber est, corporis tamen formam ha-
bitudinemq̃ue spectare delectat, me quidem certè, ac
prodest mirificè. Delectat quidem, quod maius nul-
lum felicitatis humanæ specimen esse C. Plinius maior
affirmet, quàm semper omnes scire cupere qualis quis-
que, quaque figura fuerit. Prodest verò ad Physiogno-

miæ artem perhonestam: Medicis etiam ad morbos diiudicandos cognitu necessariam: qua ex corporis lineamentis de animo, indole, ingenio, ac moribus felix interdum coniectura ducitur, ex Aristotelis Peripateticæ scholæ principis, Polemonis, atque Adamantij doctrina. Ut enim, quam Euripedes laudat, digna imperio forma, amorem, auctoritatemq. conciliat; sic contrà, in deformi corpore malè ingeniū habitare, hodieque, ut olim, vulgi sermone iactatur. Si, ut est, eius quæ de moribus Philosophiæ partis principis vita est **HISTORIA**, testis temporum, Tullio auctore, lux veritatis, vita memoriæ, magistra denique morum; Historiæ vicissim facem præferunt spirantemque reddunt icones ad viuū expressæ. Virtuti quoque prodesse **IMAGINES**, vel Romani doceant. Q. enim Maximum, & P. Corn. Scipionem sæpe audisse, aliosque C. Crispus ait, qui dicerent, quum maiorum suorum **IMAGINES** intuerentur, animum sibi ad Virtutem vehementer accendi. Scilicet non ceram illam in sese aut figuram, tantam vim habere, sed memoria rerum gestarum eam flammam egregiis viris in pectore crescere, neque prius, quàm Virtus eorum famam adæquarit, extinguui. Cera enim expressi vultus in atriis singulis disponebantur armariis, ait idem Plinius: hodieque in Regum ac Principum aulis videmus. Funus adhæc Romæ comitabantur **IMAGINES** eius gentis ac familiæ. His stemmata, ac Genealogiæ series appendebantur, quæque in Magistratu domi, belli, præclarè gessissent. Triumphique, parta de victis cæsisque hostibus victoria, & ovationes addebantur. Hunc clypeorū, insignium, ac symbolorum,

lorum, quibus antiquissima Germanicę gentis nobilitas illustris est, nostra maiorumq. memoria fluxisse morem puto. Quę insignia foribus appendi, vel in atriorum limine collocari, vt & aprorum ferarumq. capita, & viuacis cornua cerui Romanorum more nunc videas. Affigebantur adhęc hostium spolia, quę nec ædium emptori refringere liceret, erantq. dominis mutatis domus ornamenta. Magnus sanè hic è multis ad virtutē stimulus semper fuit, exprobrantibus mutis etiam signis ac rectis imbellem quotidie aut degenerem dominum intrare in alienum Triumphū, virtuteq. parta non suā, occupare: cū & viatores interdum transeuntes tacitè versum iactarent:

O domus Antij, quàm dispari domino dominaris?

Quin & in Bibliothecis Romę statuas & I M A G I N E S corū collocatas, auro, argēto, ære, ductas, marmore fictas obseruauī, quorum immortalis ingenij monumenta ibi legerentur, loquerentur, ac tantū non vocem emitterēt. Asinij Pollionis ferunt primum id in æterna Vrbe inuentum fuisse colligendi libros, ornandiq. I M A G I N V M specie Bibliothecas. Quarum etiam studio flagrasse accepimus T. Pomponium Atticum, & M. Terentium Varronem, togatorum doctissimum. Testes erant, olim editę, nunc amissę, Illustrium Virorum à septingentis Urbis conditę annis I M A G I N E S: additis etiam breuibus versibus, tanquam rerum gestarū, Magistratum, ac Triumphorum indicibus. Athenis verò Atticis antiquius id studium, vbi & Gymnasis statuas adhibebant. Vnde & Atticus ille Ciceroni, perfamiliari suo, vnā cum biblio-

theca HERMATHENAS & HERMERACLAS dono mittit, & Mercurio ficto Eloquentiæ Deo, scientiæ præses Pallas, & roboris decus Hercules iungebatur. Quibus Hermis à varia porticu ad regiam vsque Athenis plena compita, referente apud Suidam Callistrato. Sic & Romæ innumerabiles statuae bene de Rep. meritis collocatae, vt & statuarum officina M. Catoni, ac dicacibus videretur: Alexander quoque Augustus in larario suo inter ceteras & CHRISTI Seruatoris dedicauit. Musæ præterea studiorum tunc auspices creditæ, in Gymnasiis à M. FVLVIO Nobiliore consecratae, vt in Liciniana Tullius refert: Fastosque eisdem & Herculi dedicasse auctor est Macrobius. Addit enim HERCVLEM MVSAGETEM Eumenius Panegyrico de Scholis instaurandis. Aedem, inquit, Herculis, & Musarum in Circo Flaminio FVLVIUS ille Nobilior ex pecunia Censoria fecit: non id modò secutus, quòd litteris & summi poëtæ Ennij amicitia duceretur, sed quòd in Græcia, cum esset Imperator, acceperat HERCVLEM MVSAGETEM, id est Comittem, ducemque Musarum. Ad huius se FVLVII cognominis imitationem nostro sæculo feliciter comparauit FVLVIUS VRSINVS, Romanus & ipse, & Musarum delictum: omnisque adeò Antiquitatis, doctrinæ, Historiæ, familiarumque Rom. longè peritissimus. Collegit is pridem ingenti sumptu librorum veterum, marmorum, numismatum, ex auro, argento, ære, & gemmarum incredibilem copiam. Quem penes se thesaurum seruat, non incubat tamen, vt Hesperidum horti custos ille draco, sed eruditis peregrinisque hominibus Antiquitatis studio-

studiosis identidem ostendit, digitoque commonstrat.
 Mihi verò hoc amplius, externo licet homini, P. And.
 Schotti, quem ob singularem quàm pietatem, quàm doctri-
 nam mirificè diligebat, commendatione potissimùm
 adductus, non modò exhibuit spectandum, sed & tra-
 ctare, delineare, effingere, ac meo arbitratu domi edere,
 qua est humanitate singulari, permisit hasce veterù IM A-
 G I N E s, Heroum, Imperatorum, Regū, Philosophorum,
 Oratorum, Poëtarum, Historicorum, atque illustrium
 domi, forisq̃ue Virorum, in ipsius Museio, summa fide
 diligentiaq̃ue, ipso inspectante, à me elaboratas. Quas
 domum Româ nuper reuersus, dum summa, quoad eius
 fieri potuit, accuratione adhibita in æs incidissem, multo-
 rumq̃. commodo, vt spero & opto, in publicum proferre,
 efflagitantibus quotidiano pænè conuicio familiaribus,
 cogitarem, patronusq̃ue aduersus maledicorum calum-
 nias esset adhibendus; Tu vnus, Princeps illustrissime, hoc
 munere, quale id cumque tandem est, dignus occurristi:
 quòd id genus *πεινιλίοις* & vehementer ipse delecteris, &
 doctorum hominum consuetudine frui, præmiisq̃ue
 propositis fouere soleas. Quod vt perpetuò constan-
 terq̃ue facias, etiam atque etiam oro. Magna est de Spira;
 Nemetum metropoli, exstimation, ingens eius gloria, vbi
 Cæsaris Augusti forum est, quo lites imperij discepten-
 tur. In quo iudicio ius ex æquo & bono dicis grauitè
 simul & iustè: Religionis adhæc rem, & sacra Episcopus
 administras: vtq̃ue summo illi sacerdoti constet ratio;
 castè atque integrè rem facis diuinam. Quæ laus non vul-
 garis familiæ tuæ splêdori, Imaginibusq̃ue accessit. Duo-

bus enim vinculis Remp. Christianam contineri semper existimaui, puta P I E T A T E atque I V S T I T I A : ijsque artibus bonis Ciuitates validiùs quàm arcibus, militumque præsidio communiri. Quamobrem primos hosce industriæ nostræ fructus libenter benigneque vt complectaris, maiorem in modum rogo, obtestorque. Quod si consequar, erit cur ad maiora accingar, quæ tui nominis auspicio in apertum referre conabor. Et verò magnis in rebus voluntas, beneque de omnibus merendi studium, vt facultas desit, laudis sibi partem aliquam iure optimo vindicare videatur. Vale in Domino Præsul amplissime, Reip. tuæ diutissimè superstes.
